THE MUNICIPALITY OF METROPOLITAN TORONTO

EXPLANATORY NOTES

(1) The Metropolitan Corporation does not tax the inhabitants of the Metropolitan Area directly, but instead levies against the thirteen Area Municipalities a sum sufficient to meet the estimated net requirements of the Metropolitan Corporation for general and educational purposes during the year. Each Area Municipality taxes its inhabitants for general and educational purposes (including the respective Metro levies). It should be noted however that the total assessment used for the apportionment of the Metro General Levy includes certain exempt and non-taxable properties and is not the total assessment of the Metropolitan Area for general tax purposes.

(2) Subject to certain limitations and restrictions, the Metropolitan Council has power to borrow money for the purposes of:

(i) the Metropolitan Corporation, including the purposes of the Toronto Transit Commission,

(ii) any Area Municipality or Municipalities (since December 31, 1953, no Area Municipality has had the power to issue debentures), and

(iii) boards of Education in the Metropolitan Areas, not including Separate School Boards.

All debentures issued by the Metropolitan Council are direct, joint and several obligations of the Metropolitan Corporation and the Area Municipalities notwithstanding the fact that the whole or any portion of the rates imposed for payment thereof may be levied only against one or more Area Municipalities.

The amount of $393,210,576 gross debenture debt represents the outstanding amount at December 31, 1961, in respect of:

(i) debentures issued by the Metropolitan Council for the purposes of the Metropolitan Corporation including Metro share of schools and
(ii) debentures issued by Area Municipalities prior to January 1, 1954 which have been assumed by the Metropolitan Corpn.,

and subject to the above qualification, the amount of $393,210,576 is the debenture debt, the annual charge for which are included in the Metropolitan Levies, or which are met from the revenues of the Toronto Transit Commission and the Metropolitan Waterworks System.
